## LITTLE GIRL RUNS AWAY FROM HOME

Chicago Jan. 13.—Despondent, it is said, over alleged criticism at school, Dorothy Van Hotten, aged 11 years, has disappeared from her home. All the residents of her girl and boy friends have been visited, but she had not been to any of these places. Fear then developed that she had run away, and the police at once were notified. From the parents, the police learned that the girl had no relatives living in the city to whose residence she might go to spend the night.

# SALT LAKE AND STATE NEWS

COLE-RYAN PEOPLE GET GIROUX

Board Issue Will Be Increased on Nevada and Mexican Property.

James A. Pollock & Co., bankers and brokers, received the following over their private wire:

Boston, Jan. 12.—The Cole-Ryan people have become interested in the Giroux property. Secretary G. E. Giroux says: "The directors of the Giroux mine have been in continuous session for the past week preparing for the annual meeting to be held February 2. The board has had under consideration an informal proposition to purchase the Nevada property of the company. The Stillman F. Kelley option on the balance of the treasury stock of the company, namely 70,000 shares, has been taken up. Thos. F. Cole and associates have become largely interested in the stock of the company and take an active part in the management of the property. A broad policy of development to explore and open up the extensive ore measures already known to exist in the property both in Nevada and Mexico will be inaugurated at once. While plans are being worked out for equipment and reduction work, they handle the same on a commensurate basis. To provide additional funds, the directors have authorized an increase in the present bond issue of \$1,000,000, to be secured by a mortgage on the Nevada properties, subject to ratification by the stockholders."

**DR. F. E. MURRAY APPOINTED.**

Succeeds the Late George S. Hickox in Charge Animal Industry Bureau.

Salt Lake, Jan. 12.—Word reached the local bureau of animal industry this noon of the appointment of Dr. F. E. Murray as inspector in charge to succeed the late Col. George S. Hickox, and the new official is now in command. Dr. Murray is a native of Greenfield, Ohio, where he received a good education and graduated from the Ohio State University in 1892, as doctor of veterinary surgery. He passed the civil service examinations in 1900 and was assigned to the western field where he has won the esteem and regard of all who have had occasion to have dealings with him. Dr. Murray is considered one of the best men in the service. He has a wide acquaintance over the intermountain region where he is regarded as an authority on veterinary matters.

**GOLDFIELD CONSOLIDATED STARTS BIG NEW MILL**

Goldfield, Nev., Jan. 12.—In connection with the Consolidated Mines annual meeting today the entire 109 stamps of the new mill started promptly at full capacity at 8 o'clock this morning, crushing ore at the rate of 500 tons a day. The gross value of the ore will be about \$24,000 a day, or \$720,000 a month. The daily production will be greater than the 880 stamps of the famous Alaska Treadwell and the Homestead combined.

Ore is in sight for twelve years to come, placing the mine peerless in the value of ore. Eighty per cent of the gross value will be available for dividends. The Combination mill of the same company will continue at the rate of \$100,000 a month production.

**DUEL WITH REVOLVERS FOUGHT IN BAR ROOM.**

Goldfield, Nev., Jan. 12.—A duel with revolvers occurred yesterday in a barroom at Seven Troughs. George L. Jordan, an old-timer of Leadville, Silverton, Cripple Creek and the copper camps of Utah, was playing poker with William Morrison, when a dispute arose. Morrison crashed a bottle over Jordan's head, nearly splitting his skull. Both then pulled their guns and fired at each other. Jordan could not fire a second shot, as his weapon refused to work. Morrison, who is blind in the right eye, shot four times, three of the bullets taking effect in Jordan's left hand and forearm.

## FAMILY IS STRICKEN BY SMALLPOX SCOURGE

Salt Lake, Jan. 13.—Michael M. Sullivan of 1350 Lincoln avenue, died of smallpox last night. The whole family has had a serious experience with the disease. Some time ago one of the boys reported at the office of Dr. R. E. Steele, Dr. S. G. Paul, assistant city physician, pronounced his case smallpox. The boy was taken directly to the isolation hospital; he recovered and is now at home entirely well. In the meantime the home was quarantined. The other members of the family refused to be vaccinated; they also refused to go to the isolation hospital. Two daughters, the mother and father contracted the disease. Mrs. Sullivan, while suffering from smallpox, gave birth to a child and this child is immune against the disease. The other members of the family are well on the way to recovery.

## BIG FLOW HINDERS THE WORK IN ROOSEVELT TUNNEL

Cripple Creek, Colo., Jan. 13.—A big flow was encountered in the breast of the Roosevelt deep drainage tunnel last night and water is rushing to the tunnel opening at a rate of from 600 to 700 gallons a minute. The flow sprung at a point 4,465 feet from the portal and so strong was the force that blast holes had to be loaded through inch and a quarter pipes in which charges of giant powder, primed and with fuse, were placed and then forced into the opening drilled into the granite.

Drilling was carried on under great difficulty, the men working in rubber caps, coats and boots. The channel tapped is thought to be one of the feeders to the main water course and is the second flow encountered since the work of driving the tunnel was begun.

There are no reports as yet of the receding of water in any of the properties of the Beacon Hill section.

## ROLLER SKATING RINK SUDDENLY COLLAPSES

Park City, Jan. 12.—The heavy fall of snow of the last few days caused the roller skating rink to cave in last night. People in the near neighborhood of the building were startled by hearing a crash, and upon investigation it was found that the whole building had fallen in, with the exception of the two end walls.

The building had been occupied by the boys of the Park City high school, who were using it for a gymnasium. Had the crash occurred at any other time than Sunday night some fatalities would have been the result.

Just what the loss will be, besides the building, cannot be told, as all the paraphernalia owned by the high school boys is covered up by snow and lumber.

## FIRST STEEL RAIL TURNED OUT AT GARY

Chicago, Jan. 13.—The first steel rail has been turned out at Gary, Ind., at the Indiana Steel company's plant. For several weeks tests of the furnaces and the rolling mills have been made and everything is in readiness for active operation. The big steel rail was turned out without a mishap and marks the entrance of Gary into the world of steel manufacture. The company immediately will put three blast furnaces in operation while a fourth is being built. The completion of the quadruple furnaces will enable the company to employ about 500 additional men.

## RAID ON POOL ROOM BY 100 POLICEMEN

New York, Jan. 13.—What is declared by the police to have been one of the biggest pool rooms in the city was broken into last night by an officer of the Society for the Prevention of Crime, assisted by nearly one hundred policemen. The place is in East 115th street in a three-story brick building. Nine men who were
